

...where success begins

Vedh Valley World School

Academic Calendar 2026-2027

The Vedh Valley World School Calendar for 2026-2027

Vedh Valley World School follows CBSE curriculum and is situated in the most developing zone of Pune – WAKAD.

The School believes Physical Education is equally important and for which ground is a must. Thus, the school has dedicated one acre plus area specially for sports and has developed a Turf Ground of 14000 plus sq.ft. for Multiple Games, Skating Track of 14000 plus sq.ft. and a Basketball Court of 20000 sq.ft.

Vedh Valley World School has been started for those parents who wish for a CBSE School but also wish that the school should focus on physical education.

Our highly competent and experienced faculty, under the expert leadership of Principal, Ms. Chetana Naik, inspires knowledge, learning, and personal growth in our students. Our teaching-learning process is strengthened by our curriculum and learning programs, specially developed to bring out the best in every student and to empower each one to excel academically, emotionally and socially. The School offers quality education based on CBSE curriculum using modern teaching techniques from Junior Kg to Class VIII. Thoughtfully and aesthetically designed campus, measuring 1 lakh plus square feet. The facilities and infrastructure of the school resonates with its vision, motto and philosophy. Our school promotes creativity, collaboration, inquisitiveness and personal integrity in a blend that fosters success for all students and staff of the school.

VISION

We envision a school where students and staff form a caring community and take pride in all the members of the school. Where learning takes place without fear and extends beyond academics, where students build an unshakable foundation of concepts, skills and take responsibility for their own understanding. Where students experience quality learning. Where students get future ready by acquiring skills which will enable them to be seekers, users and communicators of knowledge. Where confident individuals will contribute to build a more just society, based on democratic ideals.

WORKING ENVIRONMENT

The school is based on the principle of courtesy and mutual respect. Our school program balances traditional and innovative methods. It provides each child the opportunity to develop intellectual curiosity, attain academic excellence, and grow in self-reliance. The faculty and parents share a commitment towards recognizing and developing each child's uniqueness, moral values and social awareness. We believe that parents' involvement is essential to the child's success and the success of the school as a community.

The Parents' Association contributes positively to the school life and provides many opportunities for parent involvement.

The Vedh Valley World School Calendar for 2026-2027
