ABOUT US

Vedh Valley World School follows CBSE curriculum & is situated in the most developing zone of Pune-WAKAD. The School offers quality education using modern teaching techniques from pre-primary to high school (upto class XII) – Science & Commerce.

Vedh Valley World School is started for those parents who wish a CBSE School but also wish that school should focus on physical education.

The School believes Physical Education is equally important & for which ground is must. Thus, the school has dedicated one acre plus area specially for sports and has developed a turf ground of 14000+ sq.ft. for multiple games plus Skating Track of 14000+ sq.ft. & a Basket Ball Court of 20000+ sq.ft.

Our teaching-learning process is strengthened by our curriculum and learning programs, specially developed to bring out the best in every student and to empower each one to excel academically, emotionally and socially.

Thoughtfully and aesthetically designed campus admeasuring 1 lakh plus square feet. The facilities and infrastructure of the Schools resonate with its vision, motto and philosophy. Our schools promote creativity, collaboration, inquisitiveness and personal integrity in a blend that foster success for all students and staff of the school.

We provide a rich, stimulating environment for personalized as well as collaborative learning. We follow an experiential, inquisitive, yet structured approach to learning. Here, children are encouraged to explore the environment around them, through projects that integrate art, craft, technology, music and dance.

Our Believe & Vision

We believe that,

The best learning for our pupils is active, hands-on and meaningful learning experiences. Our curriculum provides kinesthetics and tactile experiences that will reinforce our pupil's cognitive and conceptual learning.

We envision a school -

Where students and staff form a caring community and take pride in all the members of the school.

Where learning takes place without fear and extends beyond academics.

Where students build an unshakable foundation of concepts & skills & take responsibility for their own understanding.

Where students value quality in their learning experiences.

Where students prepare for the future by acquiring skills which will enable them to be seekers, users & communicators of knowledge.

Sports, Yoga and Meditation

The school has dedicated one acre plus area specially for sports and has developed a Turf Ground of 14000+ sq.ft. for Multiple Games, Skating Track of 14000+ sq.ft. & a Basket Ball Court of 20000+ sq.ft. The school encourages and enables each child to develop their skills in various sports and games.

One of the main benefits of practicing yoga is that it helps manage stress.... It helps a person in managing stress by meditation and breathing exercise and improves a person's mental well being. Regular practice creates mental clarity and calmness thereby relaxing the mind.

Music, Dance & Events

Students who have early musical training will develop the areas of the brain related to language and reasoning. The left side of the brain is better developed with music. And songs can help imprint information on young minds.

Regular events & programs are conducted for student motivation.
